

To Whom It May Concern:

I have known Esra Kellermanns for many years as a neighbor and friend and fellow dog owner and walker. We have spent many hours together with our dogs (her male dog is the brother to mine) and she is good-hearted, smart, and patient with them.

I've watched her raise and train her own 2 dogs who are sweet, happy, well-behaved animals. And I would trust Esra completely with my dogs and they are comfortable with her. We go together often to the Lafayette Great Bark Dog Park with our dogs which has given me the advantage of seeing Esra deal with other situations between dogs. She handles dogs very naturally and has an understanding of the personalities of different breeds and an intuitive grasp of dog behavior.

I confidently recommend Esra for any dog care situation!
